GRAND JURY INDICTS

WARREN AND DEBS

Fort Scott, Kan., Nov. 23.—A Federal indictment was returned here today against Eugene V. Debs, Socialist candidate for President; Fred D. Warren, editor of the Appeal to Reason, a Socialist newspaper published at Girard, Kan., and J. L. Sheppard, Warren's attorney. The indictment charged obstruction of justice by inducing witnesses to leave the country.

Warren and Sheppard were arrested by a Deputy United States Marshal and released on \$1,000 bond each.

The offense charged in the indictment is alleged to have been committed in connection with the case of J. A. Wayland, owner of the Appeal to Reason; City Editor Phifer of that paper and Fred Warren, accused in a federal warrant of misuse of the mails in posting obscene matter concerning the federal prison in Leavenworth, Kan.

Wayland committed suicide several weeks ago.

Attorneys for the other two men filed a demurrer in the case in the federal court in Topeka yesterday. Judge Pollock took the case under advisement.

Debs, Warren and Sheppard were cited for contempt by the federal court in Topeka three months ago on the same charge which led to today's arrest. They were discharged at that time by Judge Pollock.

At the hearing of the contempt case J. P. McDonough of Kansas City was a government witness. He testified that the defendants had paid him \$200 to go to California and not testify in the misuse of the mails case. The defendants admitted payment of the money but said it was to discharge a debt.

The indictment charging misuse of the mails resulted from the publication of articles criticizing conditions in the Leavenworth penitentiary.

PREPARE FOR THANKSGIVING

PUBLIC SCHOOL PUPILS TO MAKE ANNUAL THANKSGIVING OFFERING.

No day in the school year, excepting Xmas, means more to our children than Thanksgiving and we should make it mean to them a day of expressions of gratitude for the innumerable blessings which only people who live in the present age have been able to enjoy.

Let us fill to overflowing the minds and hearts of the children with thankfulness to God for the many blessings of the past year.

In keeping with the custom of the schools, the children will make the annual Thanksgiving offering of food and clothing for the needy. They take great pleasure in making these offerings and should be encouraged in their efforts to relieve the needy of our city. The articles offered will be stored and distributed during the winter at times when they are needed most.

The schools will close Wednesday evening to re-open the following Monday and all thanksgiving programs will be given Wednesday afternoon.

Andrew Carnegie, one of the most prominent men in the whole world today, was born in Uniontown, Scotland, Nov. 25, 1835. When he was ten years old his father, a weaver, in humble circumstances, emigrated to the United States and settled in Pittsburgh, where Andrew rose from having charge of a small stationary engine to being the most extensive iron and steel manufacturer in the world. In 1901 he threw his personal interests into the syndicate known as the United States Steel Corporation, and he has since devoted much time and money to great humanitarian purposes. A recent estimate places Mr. Carnegie's total benefactions at about \$200,000,000. He has donated money for

the erection of 2,200 municipal library buildings. A few of his other notable gifts were \$10,000,000 to the Carnegie Institute, Pittsburgh; \$22,000,000 to the Carnegie Institution, Washington; \$10,000,000 to Scottish universities; \$5,000,000 to the Carnegie Hero Fund; \$1,750,000 for the Peace Temple at the Hague, and \$15,000,000 for the college professors' pension fund.

With Christmas just a month off it is time for the papers to begin reminding their readers to do their shopping early.

With a reward of \$1,000 for every bank robber taken dead or alive, Oklahoma will lose some of its attractiveness as a field of operations for the yegmen. That sum is big enough to put nerve into the arm of almost any man hunting for a chance to make a little easy money and encourage him to do a little target practice on the bad men.

The Holdenville Democrat suggests that the state officials of Oklahoma spend altogether too much time knifing one another. That's a suggestion that has considerable foundation on fact. If the practice is not stopped the Republicans or Bull Moosers will carry the state one of these days, for the fighting officials will supply them with all the campaign dope they need to prove the Democrats incompetent.

GOVERNOR WANTS A HEARING.

The News is in receipt of a letter from Gov. Cruce and a marked copy of the Oklahoma City News setting forth some of his reasons for the crusade he is now carrying on against about half of the state schools. In view of the fact that the News recently published an exhaustive discussion of the subject by Supt. Wilson, the governor requests us, in the interest of fairness, to likewise publish some of his article, which consists mostly of quotations from school men of other states, who know little about conditions existing in Oklahoma. As the patrons of the Ada normal should by all means be informed on both sides and know exactly what they are up against, a part or perhaps all of this article will be published.

Well he needs a good one for himself, as he has several hundred sacks of peanuts to thresh, and there are several farmers who will be glad to know that Dr. has the machine. This part of the county has needed a peanut machine for some time.—Stonewall News.

FRISCO AGENTS HOLD A BUSY SESSION

PUTTING UP PICKLES

HOUSEKEEPERS ALWAYS DO, AND WILL, PREFER THEIR OWN.

Expert's Opinion of Preparing Small Onions for the Winter Dining Table—Proper Arrangement of the Delicious Cauliflower.

Despite the fact that excellent pickles may be bought in the stores at a little expense, still, where there are vegetables in plenty and to spare housekeepers will always prefer to put them up for winter use rather than buy. It goes without saying the cost is less, while there can be no doubt as to their purity.

Some people have luck, as they say, putting up pickles cold, but the only real success in my experience has been with small onions put up the following way:

The outer covering of the onions is removed, and then they should be packed into clean, dry glass bottles and covered with cold vinegar, adding the usual pickling spices, whole.

The bottles should be filled brimming full, and then be sealed down. Onions pickled this way are very firm and have a fine flavor, but it is said they do not keep as well as the boiled pickles. They will keep during the winter, anyway. It might be well, however, to use them up first. They are so little trouble to put up that with the vegetables at hand a few may be preserved just as one found time for doing it.

To pickle cauliflower with cold vinegar, the vegetables should be cut into small pieces and sprinkled with salt. They should lie for a couple of days thus, and then be packed into glass jars and covered with cold spiced pickling vinegar.

Some housekeepers boil the cauliflower with salt until the vegetable is a little tender, instead of laying it in the salt raw. A bed of nasturtiums will supply enough seeds to make quite a number of jars of pickles.

I know a family where nasturtium seeds are used as a substitute for capers and are often used as an addition to sandwiches, salads and similar dishes.

A jar of vinegar, made rather sweet and quite spicy, is kept on hand and into this the seeds are dropped as they ripen.

To pickle mustard seeds in hot vinegar the seeds are put into a cooking pan and covered with salt and water. After lying there an hour or so the pan is put over the fire and the seeds brought to a boil. They should be removed carefully into a stone jar and then be covered with boiling hot pickling vinegar.

The pears peeled and halved are laid in a preserving pan in layers, alternating with one and one-half pounds of sugar. The brown sugar is the best. Pour over a quart of vinegar and drop in a thin bag containing half an ounce each of cloves and cinnamon and a little mace. A sliced lemon is considered an improvement. The whole should be gently boiled until the pears are tender. They are then placed in jars carefully and the syrup boiled for half an hour or so until thick. Fill the jars to overflowing and seal at once.

White wine and sugar vinegar are considered the best kinds for cold pickling, but if other vinegars are used they should be boiled first, then cooled, and perfectly freed—by straining—from any sediment, as this would cause the pickles to ferment.—Chicago Daily News.

Raised Rolls.
Warm raised rolls may be placed on the luncheon table that were mixed in the morning; they may even be baked and cooled before serving. Scald two cups of milk, add a level teaspoon of salt, three-quarters cup of butter and cool. When lukewarm add one whole yeast cake dissolved in a little cold water and flour enough to make a fairly stiff dough. Knead long and well, then cover and let rise very light. Mold and shape into rolls, place in a buttered pan and let rise. Bake in a rather hot oven.

Broiled Ripe Tomatoes.
There is much difference in the solidity of tomatoes. Some have large cavities and others are more solid and pulpy. Select the solid and pulpy ones for broiling. Cut them in halves, or if very large, in three slices. Lay them cut side down in a greased wire broiler and cook quickly over the coals, turning when brown. Remove to a hot platter and serve with creamed butter, mixed with salt, paprika and lemon juice.

Mock Cream Pie.
Line a pie plate with rich crust and bake. Fill with a mixture made of the following ingredients: One cupful of milk, one of sugar, two tablespoonfuls of cornstarch, yolks of two eggs and vanilla to flavor. Cook until thick, then fill the crust with the cream. Cover with a meringue made of the whites of two eggs and two tablespoonfuls of sugar, and place in the oven until a light brown.

Crystal Palace Pudding.
Put one heaping tablespoonful powdered gelatin into a saucepan, add one cupful milk, two tablespoonfuls sugar and two teaspoonfuls cornstarch mixed with half a cupful milk. Boil eight minutes, stirring all the time. Remove from the fire, add half-teaspoonful vanilla extract and yolks of two eggs, mix well and pour into a wet mold. Turn out when set and decorate with whites stiffly beaten up.

Official Vote of Pennsylvania.
Philadelphia, Nov. 23.—Theodore Roosevelt's plurality in Pennsylvania over Woodrow Wilson in the recent election was 48,807, according to official figures available last night. The totals for president are:
Roosevelt, 444,426; Wilson, 395,819; Taft, 273,305; Debs, 80,915; Chaffin, 19,533; Reimer, 706.

The socialist vote compared with that of 1908 shows a gain of 47,001. The prohibition vote shows a falling off from four years ago of 17,161. The total vote for all candidates for president was 1,245,044, a falling off of 52,946, compared with 1908.

Social gaities of Ada will receive quite an impetus from a house party which Mrs. George Frierson is preparing to give. Miss Cora Lee Price, one of the most popular young ladies of Paris, Texas, has arrived, being the first of the party to reach Ada. On the arrival of the others several brilliant affairs will be given during the week of their visit to Mrs. Frierson.

Big Turkey for the President.

Westerly, R. I., Nov. 25.—Horace Vose of this place, known all over the country as the Thanksgiving provider for the president, has selected one of the largest and choicest turkeys in this section and shipped it to Washington to grace the White House table next Thursday. Mr. Vose has had the distinction of furnishing the Thanksgiving turkey to every president from Grant to Taft.

FORECAST FOR THE COMING WEEK

Washington, D. C., Nov. 25.—The affairs of the nation and the business throughout the country will come to a pause next Thursday, while the people join in the annual observance of Thanksgiving Day, the most widely observed of any of the national holidays. In every community the day will be observed with family gatherings and special church services, while in many of the larger centers football games and various forms of festivities will be added to the celebration. President Taft will spend the day at the White House, where all of the members of his family and several intimate friends will assemble to share the 35-pound Rhode Island turkey that will grace the dinner table. President-elect Wilson, for the first time in his life, will spend Thanksgiving Day outside his native land. In far-off Bermuda, where he is spending his vacation, he will doubtless be able to enjoy a very good imitation of the American turkey dinner.

Immediately after Thanksgiving the senators and representatives, some of the victors and many of the vanquished in the recent election, will pour into the capital in readiness for the final session of the Sixty-second congress, which will be called to order on Monday, December 2. Wednesday will be observed throughout the country.

BOLD THIEF RIDES HORSE FROM STRATFORD

S. M. Dial of near Maxwell, was an Ada visitor today. He stated that Sunday night a daring horse thief got away with a horse at Stratford belonging to a Mr. Hart. The owner was standing on the bank corner talking with Eli Morris. The horse was only a few feet away, but the thief jumped to the saddle and was gone before anything could be done to stop him. A vigorous pursuit was begun at once and it is likely that he will be overhauled without much delay.

"Old Glory" Horse Sale Opens.

New York, Nov. 25.—Lovers and breeders of fine horses from widely separated parts of the country thronged Madison Square Garden this morning at the opening of the annual "Old Glory" sale, which is a yearly fixture following immediately upon the close of the National Horse Show. The sale will continue through the week. The consignments of pacers and trotters to go under the hammer are declared to be equal in class and number to the similar offerings in any year during the past decade.

For Neatness in Clothing.

London has adopted a French industry which aims at neatness. It is that of the "stopper." The word refers to the art of mending clothes. In Paris the "stopper" is well and favorably known. Supposing a gentleman tears his coat or burns a hole with his cigarette in his trousers, the garment is conveyed to the "stopper," who in some mysterious way reconstructs the material. In some way they seem to weave in the stuff, joining up threads of a bit of cloth cut from another part.

At the close of the Confederate reunion all the quilts and blankets loaned for the occasion by citizens were left at the office of R. E. Blanks to await the call of the owners. All have been claimed except one, but a few complain that a swap was made by some of their neighbors and are very anxious to trade back. If any one has a quilt or blanket belonging to some one else, she is requested to let Mr. Blanks know and he will try to rectify the mistakes made. Furthermore, the owner of the quilt left over can get same by calling for it.

ROFF AND COBB

ARE ACQUITTED

The trial of Leon Roff and Aubrey Cobb on a charge of larceny resulted in a verdict of not guilty late Saturday afternoon. This was one of the hardest fought cases tried this term of the state being ably represented by Messrs. McKee, Dean and Croxton and the defense by Crawford & Bolen.

This morning Robert Perdue entered a plea of guilty to a charge of burglary and was given a sentence of five years. The remainder of the day was devoted to civil matters.

ALMOST A BALE TO THE ACRE

Owing to the freeze the first of the month, P. A. Norris says that he will make only about fifteen bales of cotton on his demonstration patch of eighteen acres. He estimates that he lost fully five bales as a result of the freeze, a great deal of the cotton being late and was ruined by the frost. However, for the second time he has demonstrated that by careful cultivation a bale to the acre can easily be made on the uplands of Pontotoc county, and many others will follow his example as time passes and they are awakened to the advantage of intensive methods of cultivation.

A YOUNG MAN

working as a day laborer at the Oklahoma Portland Cement Company's plant was in our bank today and presented our time certificate of deposit payable to his order, for \$2600, which we had been carrying for the past six months, and on which we had been paying him interest.

To this accumulated interest, he added his savings for the past six months, and took from us a new certificate for \$2,900, due in six months from date.

This young man has been doing this for several years. Beginning with his small savings several years ago, he has added to his certificate each six months until it has now reached the tidy sum of \$2,900.

This young man's earnings are probably no more, if as much as yours. Would it not be a wise thing for you to adopt the same policy? Start today the plan of spending less than you make, and putting your savings into a time certificate.

We would be glad to issue YOU one for any amount.

SATURDAYS FOOTBALL AND BASKETBALL GAMES

The High school is in jubilant spirit over the outcome of the football game with Maud and the basketball game with the second team of the normal Saturday.

The Maud football team averaged twenty pounds heavier than the Ada team, but the home boys had it on their opponent in point of speed. It was this quality that gave the game to Ada, although the home team lost two touch downs on fumbles. It was a good clean game and one that all enjoyed.

The game by quarters:
High school won the toss and defended the North goal. Smith kicked off to their ten yard line and they were downed where they received the ball. The next down, they returned the ball ten yards and H. S. held them for downs. H. S. returned the ball within four yards of the goal line. By a series of line plunges they sent Smith over the line for the first touch down.

SECOND QUARTER.

Maud kicked to H. S. twenty yard line. Braley returned the ball to the middle of the field. Roland made a long end run within five yards of the goal line. Then by fake Smith went over line for the second touch down. Maud kicked to H. S. 20 yard line. Smith returned it ten yards.

THIRD QUARTER.

Maud held H. S. for downs and then by a long end run and a long forward pass they made their only touch down. Smith kicked to their ten yard line and Maud returned it to the middle of the field, then with a forward pass they went within ten yards of the goal line and would have made a touch down but Stubblefield broke up the play.

FOURTH QUARTER.

H. S. held Maud for downs but had to return the ball in four downs. They recovered the ball by catching Maud forward pass. Then were forced to kick. The game ended with the ball in the center field. Score: Ada 12, Maud 6.

Following is the lineup of the Ada team: Guy Woodward, c; Charley Enloe l g; Spencer Anderson, r g; Bruce Stubblefield, r t; De Stewart, l t; Eugene Hunnicutt, l e; Ferdie Gwin, r e; Sherrod Roland, l h b; Alex McKeown, q b; Leo Braley, f b; Ralph Smith, r h b.

The basket ball team is so elated over the result of the game with the second normal team that a game with the first team is being planned. Following is the lineup of the two in Saturday's game:

Normal—Forwards, Agnes Rooney, Emma Ligon; Centers, Nelle Robison, Maud Brents; Guards, Mabel Seales, Caroline Pruitt, Helen Myers.

High School—Forwards, Nova McKinney, High school; Pearl Turley, Irving school; Guards, Blaine Cole, High school; Annie McDaniels, Irving School; Centers, May Stewart, High school; Lucile Littlefield, (1st half; Mildred Kerr, 2nd half.)

AN OPEN FALL

Owing to our open Fall a great many of us have neglected to get that new suit we have been promising ourselves, and now old man Winter is upon us, and the worst of it is that he gave us no warning that he was coming until he was here and now we are sore at the world because we are cold, but brace up, for it is not too late yet, for you still have time to give us that order and we will get it out in record time, so you see there is no reason why you should freeze after all.

Remember that we make your suit right here in our shop that it does not have to go out of town to be made and that you can come in and watch it through every stage of construction.

Your suit should be built just as carefully as your home and you should be just as much interested in its construction. You watch the construction of your home because you are going to live in it; because you want it built strong and lasting; because you want it to be of a pleasing appearance and because you want it built according to your style. You should be interested in the building of your suit, because you are going to live in it; you want it built strong and lasting; you want it to be of nice appearance and because you want it built according to your style.

DURANT TEAM COMING WEDNESDAY

Prof. Cox has just received word from the manager of the Durant football team saying that the Durant team will be here Wednesday afternoon, in order to be fresh for the game Thursday. Eighteen players will come, and a great part of the school will accompany them.

East Central is stronger this year than it was last. From all reports Durant has also strengthened her team since playing here last season. There will no doubt be a great game, regardless of which side wins.

Indian Worth \$6,000,000.

The richest American Indian in the world has been discovered. He is Lon C. Hill, 53 years old, a "fullblood" Choctaw, and his claim to being the Rockefeller of red men is based upon his possessions valued at \$6,000,000.

Hill lives in Harlington, Tex. In fact he owns the town, but it is only a mite in the midst of his vast estate, which extends to Brownsville, 25 miles away. He has 11 motor cars to make the run from his residence in Harlington to his business office in Brownsville.

This Indian Croesus is a living testimonial that members of his race need not be wards of Uncle Sam unless they so choose. He started his empire on a capital of \$200, and has never received anything from the government. Like so many of his "white brother" captains of industry, he is a self-made man in every sense of the word. Not only is he a shrewd business man, but a clever lawyer as well, practicing his profession in addition to overseeing his big ranch.

Hill was one of the chief factors in blazing the trail for civilization through the Rio Grande valley, but of his early experiences he refuses to talk, contenting himself with shrugging his broad shoulders, about which his long black hair falls in a most picturesque manner. "It's all past now," he will say, "and what's the use of talking about it?"

There is one thing, however, about which he will never hesitate to talk, and that is the price of sugar. As a sugar grower and refiner that is of much more interest to him than the fact that he has risen so far above the members of his own race, and even above the great majority of the "conquering white men."—Chicago Tribune.

EARLY MORNING FIRE SUNDAY

Shortly after 8 o'clock Sunday morning the two room house on East 9th street, occupied by G. W. Morton and family, was burned together with all its contents except a feather bed and a sewing machine.

The fire originated between the ceiling and roof, supposedly from the flue and the ceiling was falling in before it was discovered. Mr. Morton was at the city jail feeding the prisoners at the time, and Mrs. Morton barely had time to get the children out of bed and into the streets in their night clothes. The fire company responded promptly when the alarm was turned in and finally extinguished the flames, but the fire had already made such headway that only the walls of the house remained standing.

Mr. Morton is a hard working man, and is employed as janitor of the city hall. The fire left his family with nothing and any help the community can give the family can be left at the city hall and will be gratefully received.

Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. NEBRASKA PUTS ONE OVER SOONER TEAM

Lincoln, Neb., Nov. 25.—Nebraska beef had the edge on Oklahoma speed Saturday and the Cornhuskers put the cap sheaf on their 1912 gridiron campaign by defeating the Sooners 13 to 9. Nebraska's points were scored on two touchdowns, both of which were achieved by Fullback Halligan, while Courtwright, the Sooners' nimble halfback, was the point winner for Oklahoma by dint of negotiating a touchdown and subsequently booting a place goal from Nebraska's 20-yard line.

Not at any stage of the contest were Bennie Owen's athletes as easy prey. Outweighed by a material margin, the Sooners were so expert in manipulating the forward pass, so speedy in skirting the ends and so sturdy on the defense when pressed back almost to their goal line the Cornhuskers were pushed to the limit in snatching the laurels.

HUNTING DR. GREGG

By CLARA INEZ DEACON.

Godfrey Gynn, artist, was an athlete. That is, he was going to be some day. In his studio in the city he swung Indian clubs and lifted weights, and down at his brother's farm, where he passed most of his Sundays, he did more.

He rose with the lark to tramp around in the dew and breathe through his nose. The rest of the family growled about it, and the lark put him down as an eccentric. He felled trees to get shoulder muscles, and as he wasn't particular as to whose trees they were, old Farmer Hobbs made him pay five dollars each for them.

He lifted 50-pound stones over fences, climbed trees, ran up and down hills, and did so many other things that seemed curious to the farmers around that the report got abroad that he was a little touched in the head.

All this wouldn't amount to shucks had not an accident happened to Mr. Gynn one morning as he was jumping a fence. He caught his toe on the toe rail as he went over and fell in such a way that he broke the thumb on his right hand. This was on a morning when he had risen with the lark, and long before anybody else was astir.

A broken thumb needs more attention than a broken neck. There must be a visit to the doctor's and some bandaging.

With a rag tied about the aching thumb, Mr. Godfrey Gynn started off down the highway at a fast walk. He had made two-thirds of the distance when a young lady came out of a manor house just ahead of him and took the highway. Her jaw was tied up with a cloth, and she seemed in a hurry to get somewhere.

"It's dollars to cents it's a case of toothache," said Mr. Gynn to himself, and the idea almost comforted him.

Mr. Gynn was right about the toothache. Miss Hope Thornton was visiting a married cousin at the manor house. At midnight she was aroused by a tooth trying to jump out of her mouth, and thence to early morn she groaned and wept and vowed that if she lived a thousand years she would never do any more wading in brooks. It was an hour after daybreak when she woke her cousin to ask what could be done.

The jaw was bandaged up and Miss Hope started out. She saw Mr. Gynn coming, and later on heard his footsteps behind her.

Mr. Gynn didn't mean to overtake the girl, as the pain of his thumb kept him gritting his teeth, but somehow or other he presently found himself keeping step with her and asking:

"Toothache?"

"Yum."

"Bad?"

"Awful!"

"Going to Dr. Gregg's?"

"Yum."

"Then this must be the place, for here is his sign."

They both turned in at the gate, and a frosty-haired woman said:

"The doctor ain't in."

"Where is he?"

"Out in the fields somewhere to kill a rabbit for breakfast."

"I'll go find him. This young lady has a bad case of toothache."

"She can come in and wait, but he won't do anything. Early as it is, he's half-tight."

"I'll try and sober him up."

Mr. Gynn nodded to the girl to go in and wait, and after much peering and considerable tramping he got sight of the doctor with a gun on his shoulder.

"Patient?" queried the medical man.

"Young lady with the toothache."

"Let her ache."

"Thumb."

"Broken, eh? Well, go to town."

"Come on to the house."

"Nixy. Nothing doing today."

It hurt like everything, but Mr. Gynn managed to remove his coat and dropped his hat on the grass.

"What's a-coming?" asked the doctor.

"You are, unless you want a good licking!"

"Huh! You must have lots of grit to fight with a broken thumb. Well, come along."

At the house, Miss Hope was weeping and the doctor's wife saying:

"Shut up!" exclaimed the doctor as he put his gun away.

"Young lady, open your mouth."

Huh! Bit of ulceration. Keep this liquid in your mouth for awhile. Feel better, eh?"

"Yes."

"Give you some to take home. Ache all gone by and by. Now, young man, for the broken thumb."

Mr. Gynn held it out to be looked at and operated on, and it was then that Miss Hope knew that he had been hurt.

"Is it broken?" she asked.

"Out of joint, Miss," answered the doctor.

"And you never told me," she said in reproachful tones to Mr. Gynn.

He tried to smile as the doctor pulled the thumb back into place, but it ended in a groan.

"You poor fellow!"

The doctor looked up and laughed, and his wife tossed her head and said:

"It's no use to advise young women. They are bound to be foolish."

"Then don't advise," grumbled the husband.

Miss Hope and Mr. Gynn walked back together. The toothache had almost vanished, and the thumb felt better. At every one of Mr. Gynn's calls for the next month they talked of toothache, broken thumbs and the doctor. Then there was a change.

A TRIP TO GARDEN OF ALIAH Will Be Produced at the DeSota Theatre Tomorrow.

What should prove to be the most popular feature picture of the season is the above, A Trip to the Garden of Aliah. This is something out of the ordinary. It is a subject that has cost into the thousands to secure and necessitated the traveling of over 10,000 miles by land and sea to secure. Everyone is more or less familiar with the wonderful novel of Mr. Robt. Hitchcock of the same name, and also of the dramatic production claimed by the critics to be the eighth wonder of the world, and these beautiful scenes in real nature and the real characters of the play and the novel will be presented here at the regular prices of admission at the DeSota tomorrow night. This moving picture is a state's right feature, and is costing the manager of the DeSota a good price extra.

These wonderful moving pictures were shown at the Empress theatre

last Wednesday to one of the biggest day attendance since the house has been built, attesting to the popularity of the films. Here in Ada, the far off Sahara desert, the peculiar customs and religion of these people are brought right before your very eyes. The closing scenes, the Spirit of the Desert, is one never to be forgotten.

Washington, D. C., Nov. 25.—The Hetch Hetchy valley case, which the city of San Francisco has been pushing for years, came up for a final hearing today before Secretary Fisher of the Department of the Interior. The case involves San Francisco's rights to the Hetchy valley in Yosemite National Park for use in connection with a great municipal aqueduct scheme. The project has been vigorously opposed by John Muir, the noted naturalist, and other persons interested in the scenic preservation of the Yosemite.
